2022 Year In Review

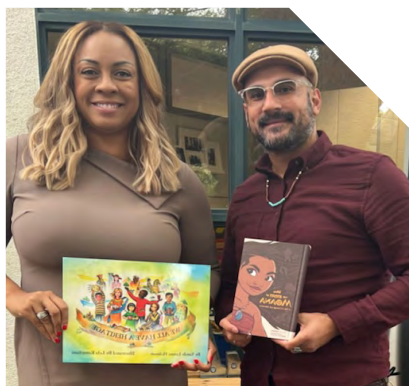

OUR MISSION

The Foundation leads, serves, and inspires enduring philanthropy for a just and vibrant Sacramento region.

In late 2022, our Board of Directors approved a new Strategic Roadmap that charges us to grow the philanthropic resources available to the Sacramento region and enhance our leadership activities over the next three to five years. Learn more about our Strategic Roadmap at sacregcf.org/roadmap.

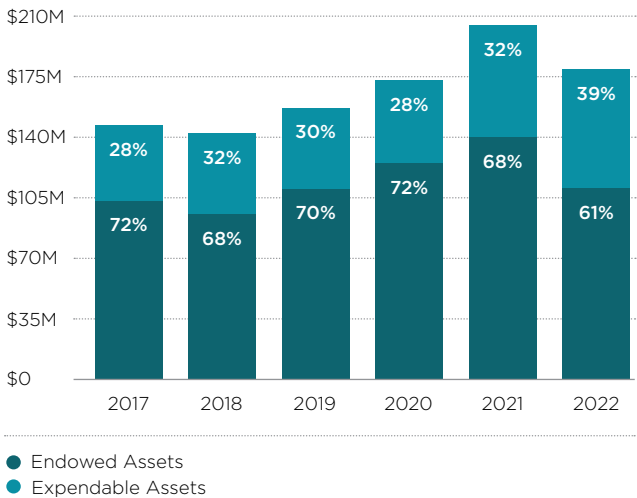

The Foundation was a leading grantmaker in the region in 2022, thanks to gifts and grants made by our generous fundholders.

This allowed us to make significant impact throughout the capital area — El Dorado, Placer, Sacramento, and Yolo counties — by supporting the work of organizations and community partners who enrich our community every day.

As of December 31, 2022, the Foundation’s assets totaled \$179.4 million, reflecting activity such as gifts from donors, community partners, and investment income.

Through the contributions of our donors and partners, the Foundation received \$30.4 million in gifts last year. Additionally, the Foundation processed \$7.1 million through Big Day of Giving's online portal, totaling more than half of the \$13.4 million generated by nonprofits during the annual giving day.

As in past years, three quarters of the grants were awarded in the four-county region. Included in the total is over \$5 million in grants that fulfill a partnership with Lodi Community Foundation and Community Foundation of San Joaquin.
