

Supporting a Passion:

Field of Interest Fund

By creating a Field of Interest Fund, you can choose to support a specific area of interest, and let our team determine which organizations meet the needs in that area .

Getting Started Is Easy

A Field of Interest Fund allows you to focus your giving on an area that is meaningful to you. In some cases, Field of Interest Funds may provide support to individuals within specific interest areas. Making a lasting impact is as simple as:

Give

Create a customized Field of Interest Fund with an initial tax-deductible gift of \$10,000, with the option to endow the fund at \$50,000. Choose the area you care about—such as education, arts and culture, or human services—and work with our team and your advisors to focus your giving where it matters most.

Grow

Your fund grows through professionally managed investments, increasing your charitable impact over time. We invest according to your preferences, provide regular statements, and make it easy to add to your fund at any time — including through your estate — while receiving the maximum tax benefits allowed by law.

Grant

Your fund supports effective organizations within your chosen focus area, with opportunities for you to help shape the awards made through a competitive grantmaking process, if you wish. We'll take care of the details. Plus, you'll enjoy opportunities to connect with fellow philanthropists, and knowledge that the impact of your giving is multiplied through local initiatives.

We take care of the administrative work for a modest support fee that is reinvested into local grants and programs, helping strengthen our region.

Consider a Field of Interest Fund if you:

- Seek to support a specific area of interest, but wish to avoid the hassles of researching organizations.
- Trust our team to decide — in conversation with you, if you wish — the needs and effectiveness of nonprofit programs
- Seek to award funds through a competitive granting process, if appropriate
- Appreciate the efficiency of distributions sent on your behalf.

Our mission is to lead, serve, and inspire enduring philanthropy for a just and vibrant Sacramento region.

As the region's center of philanthropy, we help make your charitable giving more effective and, together, foster solutions to some of our community's greatest needs. **To learn more, call (916) 921-7723 or visit our website at sacregcf.org.**
