

Strengthen the Community & Your Business: **Business Fund**

We can help you structure a corporate giving program that will create a culture of philanthropy among your employees and focus your giving where it can have the greatest impact on community life. We're here to help you help others.

Getting Started Is Easy

We offer a range of customizable services and products that make it easy for your company to support the causes you, your team, and your customers care about locally and across the country. Fostering a lasting impact is as simple as:

1. IDENTIFY YOUR STRATEGY:

Foster a culture of philanthropy to empower and retain your team, partners, and clients — and give back to the community that helps your business thrive. Whether you aim to make grants to nonprofits or offer scholarships to students, attract top talent or promote your brand, we offer services that can be tailored to meet your goals.

2. BRAND YOUR FUND:

Make a charitable contribution of cash or other assets to establish your Business Fund, which grows through professionally managed investments. You and your team can open your Business Fund with a minimum \$10,000 gift and contribute to it when it's financially advantageous to sustain your giving over time. We invest your fund according to your wishes, growing your philanthropic assets, and provide you with regular fund statements.

3. MAKE YOUR IMPACT:

You can recommend grants or serve on a scholarship selection committee with confidence that your business is making a positive difference — and leave the administrative details to us. Whatever you decide, we'll take care of the details to ensure that awards are disbursed on time and in accord with IRS rules.

Our staff handles the administrative tasks of achieving your philanthropic goals, all for a nominal support fee. We re-invest your support fee into the community through our grantmaking and programs, making you and your business a vital partner in our work to strengthen the capital area.

Consider a Business Fund if you:

- Seek simplicity and ease in managing your corporate giving, all from one convenient account.
- Want to focus on making a positive difference for the community and your company — not administrative details.
- Wish to give to multiple causes throughout the year.
- Seek to engage and empower employees and/or customers on a new level through community involvement.

Our mission is to lead, serve, and inspire enduring philanthropy for a just and vibrant Sacramento region.

The center of philanthropy in the area, we increase the effectiveness of your philanthropy, identifying and addressing our region's greatest needs, and — together — strengthening local communities. We are here to support your charitable efforts with personalized service. **To learn more, call (916) 921-7723 or visit our website at sacregcf.org.**

“My message to business leaders interested in enhancing their philanthropic efforts is simple: Just start. We decided to try and, with support from the community foundation, it’s worked.”

— LAURA KNAUSS, LIONAKIS
