

Stability, Planned Growth, and Credibility: Nonprofit Fund

Join forward-thinking nonprofit leaders who've established Nonprofit Funds to build sustainability for their organizations. We handle the administration and provide world-class investment management of your assets so you can focus on what's most important: your mission.

Getting Started Is Easy

We offer service, expertise, and strategic support to help your organization take an important step toward financial sustainability. Here's how.

- 1. Give: Establish your Nonprofit Fund with a \$10,000 contribution of cash or other assets, and determine your grantmaking timeline.** Almost any kind of asset may be used to start your Nonprofit Fund, which our expert team will tailor to suit your organization's goals — whether you'd like to build an endowment to support your mission into perpetuity or you wish to maintain more flexibility.
- 2. Grow: Your Nonprofit Fund increases through professionally managed investments and assistance to attract current and planned gifts.** We invest your Nonprofit Fund according to your wishes, building your organization's resiliency from a reliable source of income and diversification of revenues. We provide you with regular fund statements and free your team from complex and burdensome gift administration.
- 3. Grant: When you're ready, request grants from your Nonprofit Fund to support your mission.** Plus, enjoy additional benefits we provide your organization, including membership to the Planned Giving Forum of Greater Sacramento, invitations to exclusive events, and opportunities to be highlighted in our communications.

Our staff handles the administrative tasks of achieving your goals for your organization's Nonprofit Fund, all for a nominal Support Fee. We re-invest your Support Fee into the community through our grantmaking and programs, making you a vital partner in our work to strengthen the capital area.

Consider a Nonprofit Fund if you:

- Lead a 501(c)(3) or tax-exempt organization with a solid annual operating budget and an appropriate operating reserve.
- Wish to support the growth and stability of your organization by creating a steady stream of operating funds at minimal cost.
- Seek to attract gifts by demonstrating security and long-term vision, and aspire to build your fund through planned giving strategies.
- Want to achieve investment efficiencies by pooling your fund with others to receive long-term results with minimal volatility.

Our mission is to lead, serve, and inspire enduring philanthropy for a just and vibrant Sacramento region.

The center of philanthropy in the area, we increase the effectiveness of your philanthropy. We are here to support your charitable efforts with personalized service. **To learn more, call (916) 921-7723 or visit our website at sacregcf.org.**
